EXPERIENCE	Remote Medical Coding Specialist , Gebbs Healthcare Solutions, 2022 – Present <ul style="list-style-type: none">Conduct thorough medical records analysis to abstract and analyze data from outpatient healthcare records, ensuring proper ICD-10 CM, CPT, I&I, E/M and modifier assignment in compliance with government and non-government payors' rules and regulations.
	Remote Medical Coding Specialist , Aquity Solutions (formerly MModal) 2016 – 2022 <ul style="list-style-type: none">Conducted comprehensive medical record analysis for inpatient and outpatient healthcare records, ensuring accurate ICD-10 CM, ICD-10 PCS, CPT, DRG and modifier assignment in accordance with official coding guidelines.Provided training for new coders as well as current coders looking to transition between work queues/chart types, contributing to efficient charge capture practices.
	Remote Medical Coding Specialist , iMedX 2017 – 2020 <ul style="list-style-type: none">Expertly abstracted and analyzed data from inpatient rehab and outpatient (SDS & ANC) healthcare records, ensuring accurate diagnosis, procedure and modifier assignment.Played a key role in HEDIS quality measures abstraction, aligning with health insurance providers' criteria.
	Remote Medical Coding Specialist , Ciox Health 2016 – 2017 <ul style="list-style-type: none">Conducted meticulous medical records analysis for outpatient (SDS & OBV) healthcare records ensuring precise ICD-10 CM, CPT and modifier assignment.
	Medical Coding Specialist , Southern Regional Medical Center 2015 – 2016 <ul style="list-style-type: none">Verified data for all claims to ensure accuracy of coding, including denied and in-house queued claimsResolved various edits of claims data, including BMN, CCI, APC, using the correct and/or additional modifiers and codes per CMS guidelines for clearinghouse processing.Conducted audits and resolved denied claims, ensuring revenue integrity and compliance with CMS guidelines.Performed in-depth analysis of outpatient (ED & ANC) and inpatient healthcare records, ensuring accurate diagnosis (ICD-9), procedures (ICD-9), DRG and modifier assignment.
	Medical Records Coordinator , Atlanta Billing Specialists 2012 – 2014 <ul style="list-style-type: none">Expertly Compiled, validated and analyzed medical insurance claims data, ensuring accuracy per healthcare insurance criteria.Researched and resolved accounts receivable issues / discrepancies for third-party claims, investigated outstanding claims and verified insurance information.Updated and verified insurance information using patient registration documentation and insurance portals, posting payments and adjustments per Explanation of Benefits (EOB) detail into billing software.
EDUCATION	M.S. Health Informatics , University of Maryland Global Campus Database Projects <ul style="list-style-type: none">Created a database schema using the ER Assistant software.Used DDL statements in Oracle DBMS to clean up objects from previous runs using drop statements, created tables based on entities, created indices for natural keys, foreign keys, and frequently queried columns, altered tables and created views, sequences & triggers.Used DML statements in Oracle to query the database using the SQL syntax.
	B.S. Healthcare Management , Clayton State University
	A.S. Health Information Technology , Atlanta Technical College
CREDENTIALS	Registered Health Information Administrator , AHIMA Certified Coding Specialist , AHIMA

Google Data Analytics Specialization, Coursera

Projects

- Collected, cleaned, and organized data for analysis on Big Query using data sets from Kaggle.
- Conducted data analysis and calculations using Big Query (SQL) & RStudio.
- Visualized and presented data findings using Tableau.

COMPETENCES

Technical

MS Suite	Cisco Networking	Clintegrity
DB Browser	Medhost (ehr)	(encoder)
MS SQL Server	Epic (ehr)	Cerner Powerchart
Jupyter notebooks	Navinet (provider	(ehr)
Python	portal)	TruCode (encoder)
Meditech (ehr)	Oasis (data set)	ClinTrac (ehr)
Horizon Patent	ePremis	Healthland Centriq
Folder (ehr)	(clearinghouse)	(ehr)
McKesson (ehr)	3M (encoder)	Optum (encoder)
Carebridge	Centricity IDX	RStudio
Interface Engine	(billing software)	

Skills

Requirement Analysis	Statistical Analysis	Healthcare Claims Analysis
HEDIS Quality Measures	Medical Documentation	Medical Record Analysis
Audit & Denial Resolution	Training & Mentorship	Revenue Integrity
Data Quality Assurance	Data Mapping	CMS Guidelines Compliance
Charge Capture Practices	SQL	Revenue Cycle Management
Medical Coding	SNOMED CT	Statistical Analysis
	Data Analysis
